Colors

Glossy wall tiles in fifty colours, ranging from intensely bright to soft and light. Colors symbolizes colour and creativity. A design incorporating Colors effortlessly results in pronounced walls: a characteristic and dynamic tiled surface. All Colors tiles are available in the format 15 × 15 centimetres, so different colours can easily be combined. The series is modular, so it can also be combined with other tiles.

Light, dark, fresh, saturated... Colors offers a broad selection of colour hues in horizontal, vertical, and diagonal colour structures. If the series doesn't contain the desired colour nuance, we can create almost any desired colour tile on request.

Service

Sample service

Choosing the right tile purely on the basis of photos can be tricky. You can more easily judge the quality, colour, texture, and the design if you have the tile in your hands. Colour samples and sample folders can therefore always be requested free of obligation via your project adviser, Customer Service, Mosa showrooms, partners, and our website.
