Terra Tones

Terra Tones is built around eight basic tiles in the colours cool porcelain white, mid warm grey, dark grey brown, light beige, grey green, mid grey, anthracite, and cool black. Every basic tile has a lighter and darker variant; together they form a dynamic set. The combination of three tones results in tiled surfaces that create optical depth. A pattern with various formats reinforces the dynamic and natural look of walls and floors. As a source of inspiration, the Mosa Design Team developed tiling patterns to optimize the Terra Tones effect.

Timeless basic tiles with unparalleled and vivacious colour gradations. Terra is a strong classic tile in pure ceramic. Well-known for its matt, powder-like look and flamed dessin. The tile can be used on floors and walls, indoors and outdoors. Terra comprises the series: Terra Beige & Brown, Terra Greys, Terra Maestricht, and Terra Tones. Thanks to the diversity in hues and dessins, each series creates its own look and feel.

Each Terra Tones colour group has light (X), medium (Y), and dark (Z) shades. For each colour group and size, random quantities of X, Y, and Z are supplied. The seamless overlap of shades creates a natural whole.

Service

Sample service

Choosing the right tile purely on the basis of photos can be tricky. You can more easily judge the quality, colour, texture, and the dessin if you have the tile in your hands. Colour samples and sample folders can therefore always be requested free of obligation via your project adviser, Customer Care, Mosa showrooms, partners, and our website.

Documentation and personal advice

From design to implementation, you can turn to Mosa at every stage of the process for inspiration, production information, or advice. Our website features a wealth of information and resources, including references, brochures, technical specifications, other specifications, and much more. If you would like personal advice, please contact our Customer Care team or project advisers.

Design Studios and distributors

Mosa has its own Design Studios in Maastricht, Amsterdam, Frankfurt, and London where designers, architects, and clients can come to experience the look and feel of our entire tile collection. Alternatively, you can go to one of our distributors. Our website will provide more information on the distributors near you.

Any questions?

We set high standards for the advice and support provided to our clients. This means that we actively aim for dialogue and that we are interested in what interests you. This forms the basis for good cooperation. We are happy to contribute ideas and suggestions to make things as easy as possible for you. We are a partner, from the beginning to the end of the building process. Our Customer Care employees and your project adviser are always ready to assist you.
